A WEEK OF BRYAN.

SPEECHES TO BE MADE IN THIS STATE-STANCHFIELD AT ODDS WITH

HIS PARTY.

This State is to have a week of Bryan, and the Republican managers declared yesterday that if Mr. Bryan's speaking tour in this State could only be extended for ten days longer, the Republican majority would doubtless exceed that of 1896. Mr. Bryan will arrive in this city on October 16 and spran will arrive in this city on October is and speak at the mass meeting at Madison Square Garden. From there he will start up the State and will make from five to twenty-five speeches a day for the next four days. He will talk mainly upon "imperialism" and the trusts.

There is no longer the slightest pretence kept up

by the Democratic leaders to disguise the fact that John E. Stanchfield, the Democratic candidate for Governor, is utterly at odds with his party and the Kansas City platform as to what is the paramount issue in the campaign. Mr. Stanchfield in the past has made numerous addresses favoring expansion, and in the present campaign he has passed over "imperialism," which the Kansas City platform declared to be the paramount issue, and has been banging away at the trusts. When James K. McGuire, chairman of the Executive Committee, had drawn to his attention yesterday a speech made by the committee of the committee Mr. Stanchfield at the Jefferson day dinner in this city in 1839, in which he declared for expansion and favored McKinley's policy in the Philippines, the chairman looked "tired." But he tried to defend Stanchfield, saying:

Stanchfield, saying:

"Well, that is all right. Mr. Stanchfield seems to regard the trusts as the paramount issue of the campaign, and why shouldn't he? In 1832 Cleveland ignored the platform he was nominated upon. formulated a platform of his own, and went ahead and was elected. Anyway, the Kansas City Con-

vention makes the trust plank prominent."

Mr. McGuire said frankly that he did not agree with Mr. Stanchfield and Mr. Croker that department stores were trusts, and added that they were the logical development of commercial enterprise. "Now, as for a trust," he said, "take the Wire and Nail Trust. I am the tressurer of a company that makes nails. The trust, by its manipulation of prices, cost our company \$4,000!" And Mr. McGuire looked moutnful.

WHAT THEY THINK OF STANCHFIELD. Mr. McGuire attempted to say a word for Stanch field's labor record, and tried to prove that Stanch field was the friend of "the common people." 1 was evident, however, to all callers at headquarters yesterday that there are deep scated irritation and dissatisfaction in the organization. Standifield, so it is declared, has failed to please his new found friends in Tammany who forced his nomination, and the Hill men are bitter against him. He has failed to contribute as liberally as hoped for, so it is said, and Mr. Croker is understood to be so disgusted that he has practically abandoned all interest in the State campaign.

It is expected that Bryan will whoop things up It is expected that Bryan will whoop things up a bit when he gets here. Plans are being made for a great mass meeting at Madison Square Garden. Richard Croker has given orders to his lieutenants that at least fifty thousand leather lunged, steam calliope voiced rooters shall be either in or outside of Madison Square Garden that night, and that a terrific din be kept up in the hope that it will encourage the doubters. After this meeting Mr. Bryan will start upon a tour of the State. His tilnerary was completed hist night. It is as follows: October 17. Newburg, Poughkepsie, Cobleskill and Albany; October 18, Cohees, Mechanicsville, Ballston, Saratoga, Schenedady, Utica and Syracuse; October 19, Auburn, Ithaa, Cortiand, Binghamton, Elmira, Bath, Corning and Rochester; October 29, Buffalo and various points between Buffalo and

Rochester.

An itinerary was also made up for Mr. Stanch-field, and he will speak on October 8 in Oswego; October 9, in Watertown; October 10, in Canton; October 11, in Ogdensburg; October 12, in Malone, and October 13, in Platisburg. HEADQUARTERS ALMOST DESERTED.

Nearly all the big Democrats were powwowing in Chicago yesterday. Congressman James D. Richardson was the only National Committeeman around headquarters. He received a number of callers, including ex-Senator Murphy. There was little going on at the headquarters, but Mr. Richardson appeared to be cheerful.

With regard to a rumor that ex-Governor Hogg of Texas had gone to Chicago to do what he could to get Senator Jones removed from the chairmanship of the National Democratic Committee, and have ex-Governor Stone appointed in his place, Congressman Richardson said yesterday: "It is too silly even to merit a denial. Mr. Bryan and Senator Jones are in perfect accord, and in the second place, I know that ex-Governor Hogg has no such intention and will make no such effort. Ex-Governor Hogg does not even think that Senator Jones should be removed." Chleago yesterday, Congressman James D. Rich-

GREAT PROSPERITY OF KANSAS BANKS. A DEMO-POP CANDIDATE FOR GOVERNOR ISSUES A STATEMENT THAT SHOULD

PROVE HIS OVERTHROW.

Topeka, Kan., Sept. 25 (Special).-John W. Breidenthal, the Kansas State Bank Commissioner, and candidate of the Democrats and Populists for Governor, has issued a statement showing the condition of Kansas banks on September 1, comparing these conditions with those of June 4, 1900, and a year ago. The statement shows that there are now

deposits amounting to \$31.645,650.

One year ago the deposits were \$25,905,357; on June 4, 1960, they were \$29,272,592. The reserve is now \$10.998,000; on June 4 it was \$7,782,119. This is the largest percentage of reserve in the history of the State. Since June 4 six State banks, with deposits aggregating \$90,000, have gone into the National system, hence the actual increase in deposits in the State and private banks is \$2,272,000.

Commenting on the conditions of Kansas banks shown in the report issued by him yesterday, Mr. Breidenthal said:

Mr. Breidenthal said:

The immense surplus of \$10,000,000 available for loans can be more fully appreciated when compared with the surplus held by the associated banks of New-York City on the same date. With over \$500,000,000 of deposits on September 1 the New-York banks held \$21,000,000 in excess of the legal reserve, while Kansas State and private banks, with less than \$22,000,000 of deposits, have over \$50,000,000. The reserve in New-York is decreasing, while in Kansas it is constantly increasing. I confidently expect the deposits in banks under my control to reach \$35,000,000 before the close of the year. To illustrate what this large surplus means. I call attention to the fact that our banks could stand a withdrawal of deposits double the amount withdrawn during the panic of 1833 without calling in

a single loan, and still have a reserve 20 per cent in excess of the legal requirements.

The great increase of bank deposits and the general improvement in the condition of Kansas banks is the natural result of four years of good crops. The big wheat crop of 1891 enabled many of our farmers to pay off their entire indebtedness. The proceeds of crops of 1898 and 1899 were invested largely in improvements, in the purchase of machinery, household furniture and in stock. The proceeds of this year's immense wheat crop will largely go into the banks, Add to this the proceeds of a large number of cattle that will be marketed in the next innery days as a result of our short corn crop, and the result will be a further increase in bank deposits, with a possible reduction of loans.

HANNA AND BLISS IN WALL STREET. Senator Hanna and Cornelius N. Bliss, chairman tional Committee, visited Wall Street yesterday and called upon several prominent financiers, preand called upon several prominent financiers, pre-sumably to discuss the subject of raising campaign funds. Senator Hanna looked well and talked cheerfully of the campaign outlook, bankers who saw him said afterward. One of his late calls was at the office of J. Pierpont Morgan, with whom he was in conference for some time. Mr. Morgan subsequently declined to say anything about the object of Chairman Hanna's conversa-tion with him.

The Charity Organization Society appeals for conthly pension of \$15 wherewith to help two widows, one with three and the other with five children, all under fourteen years old. The women are faithful and hard working, but find it im-possible to support their families on their earnings. It is desirable to extend this aid to them for at least a year. Any money for these cases sent to the Charity Organization Society, No. 165 East Twenty-second-st., will be duly and publicly acknowledged.

The trustees of the Protestant Episcopal Cathedral of St. John the Divine held their first monthly meeting for the fall yesterday at the See House, in Lafayette Place. After the meeting it was said that nothing but routine work had been transacted. The model of the cathedral is to be ready for exhibition next winter. The trustees will meet the fourth Tuesday of October at the cathedral

PROSPERITY AMONG IRON MOULDERS. In a report made yesterday by William A. Perrine, delegate of the Iron Moulders' Conference Board, he said that moulders were more prosperous Board, he said that moulders were more prosperous now than ever before in the history of the trade. The loam moulders, who do the fine castings for ship propellers, cylinders and all marine work in loam instead of saind, were working overtime in many foundries. The demand for union men is greater than the supply, and employers are sending everywhere for them. The wages of these expert moulders are from \$3.50 to \$4 a day.
